MAKING YOUR LIFE BETTER AT HOME

2026 Hot Tub Closing Services Agreement

August, 2026

Dear Arvidson Customer,

We at Arvidson Pools & Spas have enjoyed visiting your homes this year and providing a variety of maintenance and repair services to help you make the most of your “wellness at home” experiences. If you are considering winterizing your hot tub and/or swim spa this winter, please use the form below.

This year’s Winterizing contracts will look very similar to all our returning customers, but feel free to reach out to us at Service@Arvidsons.com if you have any specific questions about the details of our Agreement.

As always, we encourage you to read carefully all of the details and conditions of the work that we will perform within the scope of the agreement. Special Note: Any work that we are requested to perform outside of that described in the agreement will be billed in addition to the price you paid when you submitted it.

Please review the Agreement as soon as possible as all scheduling requests are processed on a first-come, first-served basis.

As our Winterizing services are in great demand, our ability to welcome new customers to our winterizing schedule may be limited. If Arvidson hasn’t winterized your hot tub or swim spa in the past, we may need additional information before we can confirm your request. Depending on the circumstances around your hot tub or swim spa we reserve the right to decline your Agreement after receiving it. All declined Winterizing Agreements will be notified within 72 hours of receipt and a full refund will be issued.

Thank you for your patronage this year. It’s always our goal to provide the best service experience each and every time, and we look forward to helping you winterize your hot tub or swim spa this fall and reopening it again next spring.
